About The Reserve

The Reserve Auto Restorations LLC is a premier automotive restoration and customization shop based in Bethalto, Illinois. Specializing in collector-grade classic cars, The Reserve offers full frame-off restorations, custom fabrication, performance upgrades, and precision body and paint work. The company blends old-school craftsmanship with modern engineering, creating vehicles that retain their classic soul while meeting contemporary performance and reliability standards. Driven by attention to detail, technical excellence, and artistic integrity, The Reserve serves discerning clients who value quality, authenticity, and timeless automotive design. Whether reviving rare vintage models or building one-of-a-kind custom projects, The Reserve is committed to delivering show-quality results with lasting value.

Schedule – Monday- Friday 8AM – 5PM (1 hour lunch)

Role – Auto Body Technician

Job Description

As an Auto Body Technician, you will be tasked with repairing and restoring damaged vehicles to their original condition. You will use a combination of tools and techniques to repair dents, scratches, and other types of damage to the car's body. This role requires a keen eye for detail and excellent craftsmanship to ensure that the vehicle is restored to its original aesthetic appeal. You will also work with a variety of materials, such as fiberglass, plastic, and metal, to complete repairs effectively. In addition to repair work, you may also be responsible for priming, painting, and finishing the repaired areas.

To excel in this role, you must have a strong understanding of automotive systems and technology, as well as knowledge of safety procedures and regulations governing auto body repair. Strong communication skills are essential as you may need to explain the repair process and estimate costs to customers. Additionally, attention to detail and the ability to work efficiently are key traits for success in this position.

Your responsibilities as an Auto Body Technician may also include conducting quality control inspections, maintaining a clean and organized workspace, and keeping up-to-date with industry trends and advancements in auto body repair techniques.

- High school diploma or equivalent
- Completion of vocational training program in auto body repair preferred
- Proven experience as an auto body technician
- Strong knowledge of automotive systems and technology
- Ability to use a variety of tools and equipment for repair work
- Excellent attention to detail and craftsmanship
- Good communication skills
- Ability to work efficiently and meet deadlines
- Familiarity with safety procedures and regulations in auto body repair

Benefits –

- Paid Holidays
- Medical, Dental & Vision Insurance

Salary - Dependent upon experience can range from \$20-\$45 per hour.
